

Instructions

Do not walk in the splint

Do not overtighten the straps

Side View

Foot Size	Up to a UK 7.5	UK 8 and above
Splint Size	Small	Large

1. Point toes then place shell on leg. Ensure you cover foot but not toes. Velcro sits over ankle joint.

2. Lightly do up the leg and foot straps.

3. Position heel in hole of the final strap.

4. Gently fasten.
